I left the environmental engineering profession in 1997 after 23 years of dealing with hazardous waste sites and their related issues. After selling the firm, I started the landscape company just out of the pure enjoyment for the outdoors and never dreamed it would grow to what it has become. It’s another monster to feed, but I enjoy it. With my wife, Melissa working in the company taking on the financial overview, auditing and personnel management, at least we see each other a lot. We just moved into our newly constructed home, a 29 acre farm in Fairmount, GA., three weeks ago; however, not without a lot of issues still needing attention. Not to mention getting the two kids back to college and moving them into new housing. I haven’t stopped from full speed since the day I left the farm in Sandy Lake. Probably some day it’ll kill me; but, I’ll have fun going.

We get back to Sandy Lake a couple of times a year to see family. I’m looking forward to new and different activities.

Graduated from Edinboro University in 1974 with a degree in elementary education. Married Wade in 1975 and immediately traveled to Alaska. Lived there until 1991 when we moved back east to Jamestown, NY to be closer to my family. Had three (3) children by then: Ryan born in 1985, Cory born in 1987, and Bess born in 1989. After three (3) years, we moved to our current address after building a house. Have run our own business since 1981, when Wade began producing bow hunting videos. Now we do mostly marketing for outdoor related companies, run web articles for these companies on bowhunter.net and Wade speaks at Christian men's events. He also travels once a year to South Africa and takes people on African Photo Safaris. I have had both hips and a knee replaced and thank God I can still be mobile and follow Wade all over the country! Sorry we won't be attending the reunion as we will be in Alaska.

Sorry we couldn’t make it to the reunion, as we have other commitments. After 34 years in education, after graduation, I retired and am enjoying a non-stress schedule. I taught at Lakeview for 26 of those years and was Elementary Principal for eight years at nearby Commodore Perry. I loved my career, but was ready to spend more time with my husband, Greg, of 33 years and kids, Kate and Mike. Kate has two children, so we’ve spent lots of fun days with them. Ryan is 2 and Julie is five months. Mike, our youngest is engaged, so looking forward to that. We wish everyone the best and hope all the ’71 grads are doing well! Have fun at the lake!

Debbie,
First of all, how are you? And secondly, thank you for your part in organizing our 40th(!!) reunion. I will be able to attend the get-together at Mike's, but not at the lake.

Here’s the information you requested:

My husband, Randy Green and I have been married for 33 years and have two daughters; Erin is 31 and lives in Duncannon, Pa. She works for an engineering firm working as a survey crew chief. She’s married to an ex-marine who is also a civil engineer. Our other daughter, Lora, is a math teacher at Butler Middle School and has just recently bought a house in Grove City. She is 28 and is still single. Randy and I live on Patton Road in Sandy Lake and own a small farm on Deer Creek Road, north of Sandy Lake.

I retired from teaching in the public schools in 2010 after having taught for almost 34 years, most of which were spent teaching in Grove City at the middle school. Randy and I enjoy riding our motorcycle, hanging out at our farm, and doing some traveling. We especially enjoy spending time with our daughters. In my “spare” time I love to garden and refurbish antiques.

As we get together, I think we need to keep in our thoughts and prayers those classmates who have passed away. I especially miss one of my very best friends, Marla Clark who passed away in 2001.

My e-mail address is rpgreen78@windstream.net.
Our address is 109 Patton Rd., Sandy Lake, PA 16145

Thank you, again.

My life since graduation:

I graduated from Grove City College in 1975 and worked a couple of odd jobs around the area until joining the Navy in May 1977. I had training in Newport, RI and was commissioned in September of that same year. I got orders to Naval Air Station Meridian, MS where I met my future husband Richard Cummings, who was a pilot going through the training command. We married in 1978 and moved to San Diego, CA. We had our first son Brian in 1979. I left the military in 1981. A year later our second son Scott was born. Richard got orders to the Naval Postgraduate School so we headed up to Monterey, CA where our third son Kevin was born in 1984. In 1985 we moved back to San Diego and stayed for three years. In 1988 we moved to Pt. Mugu, CA and lived there until 1992. Then it was off to St. Louis, MO for three years, and eventually to northern VA. Since we really like this area, after Richard retired from the military, we decided to stay and have been here for the past 16 years. Our two oldest boys got married last year and we are now grandparents to two little baby boys. Our youngest son is to be married this October.

We enjoy doing home remodeling—first with the houses we owned while in the military and now helping the boys with their homes. Richard works for Delta, so we take advantage of standby travel and fly a lot. It’s been fun to go with him on some of his overseas flights. When at home I love to read, quilt and cook. We host neighborhood dinners and the annual Christmas party. I’m also a lector at Mass and volunteer at the local community library.

Sadly Debbie - I will not be able to attend the reunion.

40 years is a long time to put in a paragraph but let's see how well I do!

Married Dave Muschick in 1971 - divorced 1981
We had one son Rick, who lives in Ft Lauderdale. One granddaughter, Cheyann Alexis, 6, and a step granddaughter - Morgan, 14

I re-married Brett Beers of Reynolds High School in 1982 and moved to Winter Park, Florida where we have resided for 29 years. We have one daughter, Brittany Erin, 27, who likewise resides in Winter Park.

I have been a career banker but with the economic downturn and closing of financial institutions, I have been a victim or an FDIC takeover and am currently seeking employment. As an Executive Manager, I am hoping to re-invent myself in perhaps another profession.

I still enjoy the sun, sea, water skiing, dancing, cooking and baking!

Blessings to all my classmates and thoughts and prayers to the families of those who have passed.

Debbi

PS: God has been so good to me with health, so far, and great!
